

# 1883 FAQs

**Q: How much do the 1883 pumps dispense?**

A: The 1 L syrup pump dispenses 1/4 oz. The 2 L sauce pump dispenses 1 oz.

**Q: Is a pump included in 1883 Syrup cases?**

A; No. Even better - pumps can be ordered as needed at [no-charge!](#)

**Q: Are POS materials available, like table-tents and racks?**

A; Yes! Click [here](#) to see just some of the POS we provide to help you and your customers increase sales with 1883!

**Q: Will my customers notice if I upgrade to the 1883 line?**

A: Many will notice the increase in aroma and flavour, rather than sweetness. Plus, why not tell them that your syrups are imported from France, and are non-GMO? We know they'll take notice of that!

**Q: When I upgrade to 1883, what about the syrup racks I have?**

A: Keep them! We'll provide perfect fitting stickers for the logo area

**Q: Are 1883 syrups and sauces Non-GMO?**

A: Yes! GMOs are a big problem in the US - not in France. France has gone even beyond the European standards in order to protect the food supply ([link](#)). 1883 Syrups bring a trusted level of French European quality in every aspect.

**Q: Do the 1883 1 L syrups contain HFCS?**

A: No! 1883 uses Pure Cane Sugar.

**Q: Are the 1883 1 L syrups Kosher?**

A: Yes! (except for Chestnut and Mango Syrup).

**Q: Are the 1883 1 L syrups Halal?**

A: Yes! (except for Amaretto, Blue Curacao, Margarita, Mojito Mint, Pina Colada and Rum Syrup).

**Q: Are the 1883 1 L syrups Vegetarian?**

A: Yes! (except for Macadamia Nut, Tiramisu, Toasted Marshmallow and Toffee Crunch Syrup).
