1883 Real Fruit Puree

Sweet, Tropical and Delicious, 1883 Real Fruit Purees are highly concentrated, with more real fruit than other purees. 1883 Purees are the ultimate ingredient for succulent smoothie applications, to flavour fresh-brewed teas, or to mix craft sodas!

Only 2-3 oz. puree in 16 oz.
beverages, depending on
application

Comparison:

Monin Mango Fruit Puree:

Ingredients: Sugar, water, mango puree concentrate, mango juice concentrate, natural flavors, citric acid, potassium sorbate, sodium benzoate, pectin, FD&C yellow#5, FD&C yellow #6.

Serving Size: 1 oz (30ml), Sugars: 28g

1883 Mango Fruit Puree

Ingredients: Mango juice and puree from concentrate 55% (mango juice concentrate, mango puree concentrate, water, sugar), sugar, natural flavour, citric acid, potassium sorbate, [as color: paprika concentrate, tomato concentrate,] pectin.

Serving Size: 0.8 fl oz (24ml), Sugars: 19g

1883 Fruit Puree Ingredient Advantages:

15% less sugar than monin per 30ml = less sweetness

10% more real fruit than monin = more flavour

All Natural concentrates for color (no FD&C artificial food dye)

No Sodium Benzoate as preservative
